Dear Reader,

The University of Missouri-Columbia is committed to providing the members of the campus community and visitors with the safest and most secure environment possible; however, even the most extensive initiatives cannot succeed without the awareness and cooperation of the community members who work, study and live on campus.

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act required all postsecondary institutions participating in Title IV student financial aid programs to disclose campus crime statistics and security information. The act was amended in 1992, 1998 and 2000. The 1998 amendments renamed the law the *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act* in memory of a student who was slain in her dorm room in 1986.

The *Clery Act* requires higher education institutions to give timely warnings of crimes that represent a threat to the safety of students or employees, and to make public their campus security policies. It also requires that crime data are collected, reported and disseminated to the campus community and are also submitted to the Department of Education. The act is intended to provide students and their families, as higher education consumers, with accurate, complete and timely information about safety on campus so that they can make informed decisions.

In compliance with this act, the University of Missouri-Columbia Police Department has produced this report, "Campus Safety & Crime Report", which contains the aforementioned information. In addition to campus crime statistics, this report is also a resource guide for campus safety services and crime prevention strategies. Inquiries about this report may be directed to Captain Scott Richardson at (573) 884-0154 or by electronic mail: **richardsonks@missouri.edu**

We hope this publication proves helpful, informative, and provides an opportunity for communication between the University of Missouri - Columbia Police Department and the community which it serves.

MISSION STATEMENT

of the

University of Missouri – Columbia Police Department

The University of Missouri Police Department will strive to ensure a peaceful quality of life, establish partnership with the community and support a safe learning environment.

VISION STATEMENT

of the

University of Missouri – Columbia Police Department

The University of Missouri Police Department and the university community envision a future in which all members enjoy an enhanced quality of life and a reduction of crime, social disorder and fear of crime.

We will strive for excellence and become a benchmark in the provision of innovative, professional and quality police services. We will utilize education, training, and advanced technology for employee development and become proficient in problem solving and conflict resolution.

We will heighten our profile as an integral part of the university community, widely respected and trusted by its people.

Our shared vision is reflected in our value statements and mission statement that serves to guide us in our daily operations and conduct. These beliefs guide us in our strategic planning process of establishing goals, objectives and strategies.

The University of Missouri at Columbia Police Department is a fully commissioned police department that works very closely with Federal, State, and Local Law Enforcement agencies to provide proactive law enforcement services to the MU campus. Commissioned police force means that the officers at MUPD have the same arrest powers as your local police department and that of the City of Columbia.

On March 24, 2001 the University of Missouri at Columbia Police Department (MUPD) was awarded accreditation by the Commission on Accreditation for Law Enforcement Agencies (CALEA). MUPD was the second Big 12 School to accomplish this along with Iowa State University. MUPD has now been re-accredited by CALEA twice, most recently on 11/18/06.

The first International Association of Campus Law Enforcement Executives Association (IACLEA) Accreditation awards were presented to five member agencies during the Opening General Session of the Annual Conference in Las Vegas, NV on June 26th, 2007. IACLEA Accreditation Commission Chair, Dolores Stafford, presented the awards to the University of Missouri (Columbia) Police Department, the University of North Texas Police Department, the University of Richmond Police Department, the San Francisco State University Police Department, and the George Washington University Police Department. Each of the five agencies, previously accredited by the Commission on Accreditation for Law Enforcement Agencies, Inc. (CALEA), voluntarily elected to pursue IACLEA Accreditation through an accelerated process of "comparative compliance".

In commending the accredited departments, newly installed IACLEA President, Ray Thrower stated, "Recent events have demonstrated the need for campus public safety agencies to hire and train capable personnel, to provide them with clearly written operational guidelines, to periodically evaluate their performance, and to continually assess administrative and operational processes. The IACLEA Accreditation Program provides the framework to accomplish these things. The five agencies accredited in Las Vegas distinguished themselves, first by achieving national accreditation through CALEA and then by attaining the "Gold Standard" of IACLEA Accreditation. Their participation in the accreditation process represents a commitment to the highest professional practices in campus public safety management, administration, operations, and support services."

Annual Campus Security Report

The University of Missouri Police Department has the role of gathering information for, preparation of, and submission of the institution's Annual Campus Security Report. The annual campus security report is reviewed and updated annually as one cohesive document per the requirements of federal law. It shall be the duty of the University of Missouri Police Departments Support Services Commander, or their designee, to gather the required information for and submit the institution's Annual Campus Security Report prior to set deadlines.

Daily Crime Log

The University of Missouri Police Department maintains a written, easily understood Daily Crime Log that records, by the date the crime was reported, any crime that occurred on campus, on a non-campus building or property, on public property, or within the established jurisdiction of the campus and was reported to the department where an official police report was taken. This log includes: the nature, date, time, and general location of each crime, and the disposition of the complaint, if known. This log will not include reports made to other agencies. It shall be the duty of University of Missouri Police Record's personnel or Communications personnel to prepare this report in a timely manner so the community and media have access to the information.

Timely Warnings

The University of Missouri Police Department shall provide timely warnings about reported crimes to the campus community, in a manner that will aid in the prevention of similar crimes if it is determined that a threat exists. Departmental supervisors shall review all reports taken by the department in a timely manner to determine any offenses that are subject to disclosure in the Annual Campus Security Report and represent a threat to faculty, staff, and students of the campus community. If it is determined that there is a threat, the supervisor, or their designee shall notify the public information officer, or their designee who will send out a media release, mass e-mail, and/or do a web posting of the incident to help prevent similar crimes from happening.

Crime Reporting

The University of Missouri Police Department is the primary agency for reporting and investigating all crimes that occur on University of Missouri property. Any instances of criminal or suspicious acts and emergencies occurring on the campus of the University of Missouri, including residence halls, should be reported to the University of Missouri Police Department (MUPD) regardless of how seemingly insignificant the crime.

MUPD can be contacted by telephone, emergency phones, in person, by e-mail, and via the world wide web. The non-emergency phone numbers is 882-7201, and if it is an emergency simply dial 911. If dialing 911, the initial call will go to

the City of Columbia Joint Communications to determine if medical assistance is needed. Joint Communications has direct dispatching access to medical and fire personnel. This speeds up the process of dispatching an ambulance. If the 911 call is police related, the call and all information will be transferred immediately to MUPD via a specially designated phone and computer line. Emergency phones are located across campus and are directly linked to the MUPD Communications Center. If you see an MUPD officer in a vehicle, on foot or on bicycle, get their attention and they will assist you.

Officers will respond as quickly as possible to any request for assistance, whether it is an emergency or not. Response time is based on current activity load and the urgency of the call. Crimes in progress, traffic accidents and medical emergencies have a higher priority than other types of calls. A police officer will meet with you to gather information and prepare an official report. That report may then be forwarded to the Investigation Unit, where a detective reviews the report and evidence (if any) to attempt to determine the cause and perpetrator(s) of the crime.

In all instances of criminal activity, the University Police Department works to determine the exact nature and perpetrator(s) of the crime for the purposes of developing a viable case to be forwarded to the City of Columbia Prosecutor's Office or the Boone County Prosecutor's Office for prosecution. In some cases offense reports will also be forwarded to the Division of Student Affairs for adjudication through the campus disciplinary process. Statistics for cases forwarded to Student Affairs that are offenses pursuant to The Clery Act of 1998 will appear in this report.

MUPD maintains a close working relationship with local, state and federal law enforcement agencies to include the Columbia Police Department, Boone County Sheriffs Department, Missouri State Highway Patrol, and the Federal Bureau of Investigation. MUPD also has signed memorandums of understandings with the Columbia Police Department and the Missouri State Highway Patrol.

MUPD also shares information with other police agencies nationwide through memberships in a wide network of organizations. This information sharing is used for criminal prosecutions and crime prevention techniques.

Every month MUPD reports its Uniform Crime Report to the Missouri State Highway Patrol for inclusion of crime statistics that is published by the Federal Bureau of Investigation.

Voluntary Confidential Reporting System

The University does not have a voluntary confidential reporting system for annual crime statistics. There are some very good reasons, in addition to prosecuting criminal activity, to promptly report crime.

- ◆ Timely notification about certain types of crime may affect the safety of others. These crimes include murder, rape, sexual assault, burglary, robbery, motor vehicle theft and arson.
- ◆ When you make your report, you assist MUPD in maintaining accurate records of the incidence of crime on campus. This information helps to keep the campus safe by providing the most accurate information on criminal activity to members of the campus community.

Reporting Procedures

"Is This an Emergency?"

When you call the police to report a crime, the dispatcher will ask you the question above. For your safety, be prepared to answer all the questions the dispatcher asks you, and be specific. Don't downplay the importance of your call. Here are points to immediately consider when reporting a crime:

- ◆ Is anyone's life or safety threatened?
- ◆ Does anyone need medical assistance or an ambulance?
- ◆ Is the suspect(s) still there? (If so, make sure the dispatcher knows this.)
- ◆ Does the suspect(s) have a weapon?

Crimes in progress, or those involving life-threatening circumstances, receive the highest priority response. If the crime is still in progress, do what you can to ensure your own safety first. If you are outside your home, get to a public area - an open store, a restaurant or other public area. If at home, residence hall, or apartment, go to a safe area of the house, or go outside.

Information Police Will Want to Know When You Call

Where:

Where are you now?
 Where did the crime happen?
 If the suspect(s) are gone, where did they go? In what direction?
 Did they use a car or some other transportation? Did you get the license number?

What:

What exactly happened or is happening? Describe the situation in complete detail. (e.g., "Someone has just broken my window and is inside my apartment")

What are the suspect(s) physical characteristics? (sex, height, weight, hair color, race. etc.)

What was the suspect wearing? (distinctive colors or clothing)

When:

When did the crime happen? Is it still in progress? (This is very important, as it may determine the level of response.)

Who:

Who are you? What phone number are you calling from?

Don't hang up the phone until the dispatcher tells you to do so. You may be put on hold while the dispatcher contacts emergency responders.

Rape and Sexual Assault Procedures

The University of Missouri does not have a rape and sexual assault policy but does provide the following procedures:

If you are a victim of a sexual assault you should do the following immediately after the assault:

1. Call the University Police Department, 911 or (573) 882-7201. If the sexual assault occurred off campus, the victim may still call MUPD. If the victim chooses, MUPD will notify the appropriate agency to handle the report.
2. Seek medical attention in an emergency room that performs legal rape exams.
 - ◆ University of Missouri Hospital, (573) 882-8091
 - ◆ Boone Hospital Center, (573) 875-3501
3. Seek support and assistance:
 - ◆ University Counseling Services, (573) 882-6601
 - ◆ Women's Center/Rape Education, (573) 882-6638
 - ◆ Rape/Abuse Shelter Hotline, (573) 875-1370
 - ◆ Mid-Missouri Mental Health Department, (573) 884-1300
 - ◆ Medical Aftercare
 - Student Health Center, (573) 882-7481
 - Planned Parenthood, (573) 443-0427
 - Private Physician
 - Friend/Relative

If you choose to call the University Police as one of your options, and if you choose to file a report of the incident, the following information will be discussed with you.

- A. Remember that YOU are a victim. You have nothing to feel guilty or ashamed about.

- B. A police officer will contact you at the scene of the attack, the hospital, or another location.
- C. To preserve evidence, you should not bathe or change clothes or do any cleaning up in any manner prior to receiving medical assistance.
- D. You are the person in control when you contact the police department and you decide how you want the incident handled.
 - ◆ You may press charges against the suspect.
 - ◆ You may ask that University disciplinary action be initiated against the suspect.
 - ◆ You may ask the police to contact the suspect about the incident, and still choose not to have the suspect arrested.
 - ◆ You may tell the police not to contact the suspect about the incident, and still choose not to have the suspect arrested.

It is not required that you press charges against the suspect, but the police hope that you will proceed with prosecution. Then, your assailant may be arrested for what they have done to you. However, IT IS YOUR CHOICE.

You may also choose to proceed through the University Discipline Procedure in addition to, or in lieu of, pressing criminal charges against the suspect. The University Discipline Procedure provides that in cases of alleged sexual assault:

- A. The accused is subject to University sanctions which may include probation, suspension from the University for a specified time, or permanent expulsion from the University.
- B. The accuser and the accused are entitled to the same opportunities to have others present during a campus disciplinary proceeding.
- C. The accuser and the accused shall be informed of the outcome of any campus disciplinary proceeding which alleges a sexual assault.

The University of Missouri can enforce sanctions for rape and other sex offenses to include from the minimum of disciplinary probation to the maximum of expulsion.

Requests for assistance in changing your academic or living situation may be directed to the Vice Chancellor for Student Affairs or the Coordinator of the Women's Center.

Rape Awareness

The Women's Center conducts several educational seminars throughout the year to raise awareness for issues of sexual assault and rape on campus. The Crime Prevention Unit attends meetings to help plan for Rape Awareness Month held every September. The University of Missouri at Columbia Police Department spends several hours training the Rape Education peers on the legal process involved with reporting a sexual assault or a rape.

Campus Sex Crimes Prevention Act Information Provided by S. Daniel Carter Senior Vice President, Security On Campus, Inc. 2003

<http://www.securityoncampus.org/>

The Wetterling act is named after Jacob Wetterling, age 11, abducted by a masked man at gunpoint near his home in St. Joseph, MN. The law mandates that each state create a very narrowly drawn specific program to register sex offenders. (Federal, enacted 1994)

The *Campus Sex Crimes Prevention Act* (section 1601 of Public Law 106-386) was enacted on October 28, 2000 and provides for the tracking of convicted, registered sex offenders enrolled as students at institutions of higher education, or working or volunteering on campus. It was sponsored by U.S. Senator Jon Kyl (R-AZ) and supported by Security On Campus, Inc.

The Act amended the *Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act* to require sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, or is a student.

It requires that state procedures ensure that this registration information is promptly made available to law enforcement agencies with jurisdiction where the institutions of higher education are located and that it is entered into appropriate State records or data systems. If a college or university has a police department they must be provided with this information. These changes took effect October 28, 2002. If a state is not in full compliance by September 30, 2003 they risk loss of ten percent of their Byrne Formula Grant Program funding.

CSCPA also amended the *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act* to require institutions of higher education to issue a statement, in addition to other disclosures required under that Act, advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders who are on campus may be obtained. These changes took effect October 28, 2002 and the notice was a requirement that began with the annual Jeanne Clery Act campus security report October 1, 2003.

Lastly, the Act amended the *Family Educational Rights and Privacy Act of 1974* to clarify that nothing in that Act may be construed to prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders; and requires the Secretary of Education to take appropriate steps to notify educational institutions that disclosure of this information is permitted. This amendment took effect on October 28, 2000.

Crime Prevention

The University of Missouri-Columbia has a full time crime prevention unit that provides educational programming, security surveys, and other crime prevention functions to the university community.

One of the missions of the crime prevention unit is to educate the members of the University of Missouri community about safety. Knowing how to protect yourself and being aware of your environment are the best ways to prevent from becoming a victim. MUPD offers several programs centered on preventing crimes. All programs are free to anyone affiliated with the University and include:

Rape Awareness, Education and Prevention
 R.A.D. (Rape Aggression Defense)*
 Security Survey
 Robbery Prevention
 Personal Safety
 Alcohol Awareness
 Drug Awareness
 Operation ID
 Bicycle Registration

*for women only

Programs are presented on a requested basis. To register for a program or to schedule one for your area, please contact Crime Prevention at (573) 884-7809. You can get a detailed explanation of each program on our web site at www.mupolice.com .

Your Role

A high percentage of campus crimes are incidents of opportunity. Often students contribute to situational crimes by needlessly placing themselves or their property at risk. Crime will occur wherever there is opportunity, but prevention efforts can be effective in reducing these opportunities. You play an essential role in crime prevention efforts. Be cautious, careful, and alert to your own safety; protect your possessions and University property.

A secure environment is made possible through community involvement in crime prevention. The purpose of community crime prevention is simple: to help you recognize your own vulnerability to crime, and reduce your risk through preventive action and cooperation with the police.

Theft is the most common crime on the Columbia campus. Most thefts occur during the daylight hours, and thieves enter the structure without forced entry. In your residence, living group or office, exchange information about your schedule and watch your neighbors' rooms and work areas.

Non-residential Buildings

Most non-residential campus buildings and facilities are accessible to members of the campus community and guests and visitors during normal hours of business, Monday - Friday, and for limited designated hours on Saturday and Sundays. Access times will vary depending upon the nature of the building and activity. Except for those students, faculty and staff with keys or appropriately authorized access cards, access is generally restricted to University-affiliated personnel during recognized holidays.

It is the policy of the University of Missouri-Columbia that after normal working hours, all buildings should be locked to maintain security of the buildings and their contents. Faculty, students and staff members may be issued keys to University buildings upon recommendation of the department chairman or administrative head, in accordance with established procedures. Keys are issued for entry to University buildings for conducting University business only.

Residence Halls

All University residence halls have a 24-hour security program that includes many security measures.

1. Exterior doors lock electronically at 11:00 PM and the hall is then closed to the public.
2. Security devices are installed on ground floor windows and room doors have dead bolt locks and door viewers.

Residents can protect themselves and their property by responsible decisions. Unescorted persons should not be given access to residence hall after hours; residents can access their own halls after hours by "swiping" their student id card through the card reader. Doors should not be propped open at any time. The names and telephone numbers and locations of on-duty Community Advisors (CA's) are posted in the residence halls; each resident should locate this information in advance of an emergency. Keeping every room door locked at all times will deter crime, as almost every theft in a residence hall is a result of an unsecured room or unattended belongings. Every security measure taken by the residence hall staff depends on the responsible actions of each resident for its effectiveness.

Other tips for your security include:

- ◆ Ask strangers to wait in common areas while their friends are summoned.
- ◆ Lock your room door and windows when you leave, even if only for a minute, and take your keys with you.
- ◆ Keep small valuable items out of sight, in a closed drawer, or another safe place.

- ◆ Politely offer assistance to persons in your building or residence you do not recognize. If they have legitimate business, they will appreciate your help. If they do not, ask them to leave.
- ◆ Keep your room locked when you are out during move-in. Do not leave your car unlocked when loading or unloading.
- ◆ Do not leave coats, books, or other valuable items in common areas. Keep them in your room.
- ◆ If you hear or see something suspicious, call the police immediately. Dial 911 for an emergency, or 882-7201 if it is a non-emergency.

Maintenance and Security of Campus Facilities

Landscaping and outdoor lighting on campus are frequently surveyed and modified for pedestrian safety and security. Campus Facilities and Grounds Personnel trim shrubs from sidewalks, walkways, and building entrances to enhance lighting and visibility. Campus walkways are inspected regularly to ensure adequate lighting and replacement of burned-out lights. Many campus emergency telephones follow major walkways. Maps showing walkways and emergency telephones are available at MUPD.

Security Officers employed by the Police Department lock exterior doors on campus buildings each evening. These security officers also report door and security hardware operating deficiencies.
